Picture #3, Idlenot

The Idlenot picture generated a lot of interest. The general consensus is it was taken in the 1980's. For an "old" picture of only about 30 years, it took several people to identify everyone—how did you do? Here they are left to right:

Jack Hake, Ed Huber, Tom Wallin, unnamed engineer from Stahlman Engineering, Doug Gurney, Keith Bounty, Lanny Aldrich, Kenney Aldrich, Mike Filipiak, and Don Gurney.
